- Arduino Projects Book
  - Provided code and wiring instructions
  - Introduced kit components
  - We completed Project 4 ("Color Mixing Lamp")
  - We used code/diagrams from Project 11 ("Crystal Ball") and Project 7 ("Keyboard Instrument") to design custom projects of our own
- https://www.arduino.cc/en/Reference/HomePage
  - Arduino code documentation
- http://electronics.stackexchange.com/questions/162309/what-is-a-push-up-pull-up-resistor/162315
  - Troubleshooting for swtich reading problem (switch stayed in HIGH for too long)
  - Explained how to use pull-up resistor wiring to fix the above-stated problem
